## ***PERSONAL AND CONFIDENTIAL***

Alexander W. Thermos, D.O.

Dear Dr. Thermos:

Inquiry Panel A ("Panel") of the Colorado Board of Medical Examiners ("Board") has concluded its inquiry regarding your role in the care and treatment of patients R.J., S.K., D.L., T.H., D.M. and T.L. It was the Panel's decision not to commence with formal proceedings against your license to practice medicine. However, the Panel did vote to administer disciplinary action to you in the form of this letter of admonition.

Board records reflect that a number of patients have made requests that you release a copy of their medical records to them. You have consistently failed to provide these patients with their medical records. It is an expectation of the Panel that a provider provide patients with a copy of medical records in a courteous and expeditious manner in response to an appropriate request from a patient.

After a careful review of all the information gathered in this case, the Panel is of the opinion that your failure to provide medical records to these patients constitutes unprofessional conduct as set forth in section 12-36-117 of the Colorado Revised Statutes. The Panel is especially concerned regarding the numbers of complaints it has received regarding your unresponsiveness.

By this letter, the Panel hereby admonishes you and cautions you that complaints disclosing any repetition of such practice may lead to the commencement of formal disciplinary proceedings against your license to practice medicine, where this letter of admonition may be entered into evidence as aggravation.

Alexander W. Thermos, D.O.

You are advised that it is your right to have this case reviewed by judicial procedure. To do so, you must submit a written request within twenty (20) days after receipt of this letter. In your request, you must clearly ask that formal disciplinary proceedings be initiated against you to adjudicate the propriety of the conduct upon which this letter of admonition is based. If such request is timely made, this letter of admonition will be deemed vacated, and the matter will be processed by means of a formal complaint and hearing. This is in accordance with the provisions of the Medical Practice Act governing the discipline of licensed physicians.

Very truly yours,

FOR THE BOARD OF MEDICAL EXAMINERS
